

# Household Hazardous Waste and Electronics Drop Off Event October 14, 2017

Location: Warman Fire Hall  
(501 Centennial Blvd)

To help you dispose of household hazardous waste and electronics (e-waste), the City has coordinated a Household Hazardous Waste Day. On the date listed below, a temporary site is set up at the Warman Fire Hall parking lot (501 Centennial Blvd) from 9:00 a.m. to 3:00 p.m. for residents of Warman to drop-off their household hazardous waste materials for recycling or safe disposal.

This event is for Warman residents only and ID is required to prove Warman residency at the gate.

## NOTICE OF RESIDENTIAL ORGANICS WASTE DEPOT

Available from April 1 to November 1

This depot is for the collection of RESIDENTIAL organics – grass clippings, leaves and small tree trimmings. The bins are located on the south side of North Railway Street East [the same location as the old recycling bins].

Bins will be removed should snow arrive prior to November 1<sup>st</sup>.

As these green bins are for organics ONLY, no plastic bags will be allowed in the bin.

A separate red bin will be on site for the disposal of your plastic bags after emptying them into the green bin.

**Please DO NOT drop any food waste or other waste into this bin. Food waste will attract flies and cause foul odours.**

**Please empty your compost items inside the bins. DO NOT THROW ITEMS ON THE GROUND OUTSIDE THE BINS.**

**THESE BINS ARE NOT FOR GARBAGE.**

Misuse of this depot will result in fines to offenders and the removal of this service.

Thank you for your cooperation.
