*****NEW THIS YEAR*****

Are you looking for a little more or a little less? We are pleased to offer two different solutions for two different styles of business:

1. **HOME BASED BUSINESSES:** If you're just looking to get your name out, and want to set up shop at the show, we now offer home-based businesses an affordable option at WOBE. For **\$75**, you get a table and the space behind, to showcase your business. Your table will be located alongside other home-based businesses in the second gym, where the very popular "TASTE OF WARMAN is located." Please note, there is very limited space available for these booths.

Please register our company for:

home-based business tables _____ @ \$75/table = \$ _____

(please note that power and skirting are not included or available with the home-based business section. Please ensure all of your other information is included in the first form as well).

2. **LARGER VENDOR OPTION** (*only 3 spots available): Is your business merchandise heavy? Are you interested in a little more room to showcase your wares? Our larger vendor option now provides you a viable and affordable option to showcase your business at WOBE. You will be located in the second gym, close to the home-based business section and the popular "TASTE OF WARMAN." This option comes with power included, as well as tables and skirting for the booth. **Interested parties please contact joshw@warman.ca for more details.**
